

## Join the Rose Network's new Chair's Circle today:

Members of the Rose Network Chair's Circle are a passionate group of Labour donors personally committed to supporting Labour's key electoral campaigns. The Chair Circle's values are to inspire, give and transform. These principles guide our work.

The Chair Circle is the highest level of giving within the party's Rose Network. By joining, you will play an active role in Labour's fight to improve the lives of people across the whole of the UK by electing Labour councillors and MPs.

Next May, we have the chance to earn the trust of millions of people once again, this will be the first critical test on our journey back to Government. We cannot win the next General Election without making significant gains in the elections that come before and it is the support of our Chair's Circle donors who are helping us adequately resource, and win, these campaigns.

At the last General Election, the Tories raised nearly 4 times as much as Labour. We are determined not to lose the next General Election due to lack of financial support. By becoming a member of the Chair's Circle and generously donating £5,000 a year, you can help ensure this is not the case. The Fundraising team very much look forward to answering any additional questions you may have and welcoming you to join the Chair Circle.

**"Fighting and winning elections is expensive business and unfortunately this all too often advantages our political opponents. This is why I want to thank our Chair's Circle members who support us so generously. Their commitment over the next four years will be the difference between winning, and enacting transformative, lasting change, and losing. If you are able, please consider joining The Chair's Circle today".**

—  
Sonny Leong MBE,  
Chair's Circle member.

---

**"The stakes for Labour have never been higher. We all have a role to play in electing Keir Starmer as the UK's next Prime Minister and supporting the Chair's Circle is my way of helping to achieve that".**
