HOW YOU CAN GET INVOLVED

Campaigning

- Knocking on doors
- Making phone calls
- Delivering leaflets
- Campaigning online
- Community Campaigns
- Street stalls

Knocking on doors

- The most helpful thing you can do at an election and all year round – but not at the moment!
- Talk to people about what matters to them
- Identify our supporters
- Introduce our candidates
- You don't need to be a policy expert it's a team effort!

MLabour

Meeting up

There will be a set time and location to meet, and a briefing before you join teams of 4 or 5.

Having a conversation

There are a few questions to ask each voter as part of a conversation. There's a script to help you.

Taking the details

The team leader or board runner will give you the name and address of who to speak to.

Feeding back

You'll need to feed any data and information you pick up on each voter back to the board runner. Then on to the next door!

Joining other activists for a drink and a chat at a coffee shop or pub is a great way to end a doorstep session.

潟Labour

Make phone calls

Dialogue is the Labour Party's online phone banking tool that enables members to phone canvass wherever they are. To use Dialogue, all you need is a phone and a laptop or tablet.

Head to <u>dialogue.labour.org.uk</u>

RLabour

Leafleting

- Leaflets and letters are crucial to getting our message out
- Both national and local leaflets, most needed at election time but also all year round
- If you can deliver your street or block, that's a great help!
